

MODEL 2121-D

BED SHAPER

**Rugged & fully adjustable
for Category-1 tractors**

- 4 to 6-inch bed height
- Adjustable 24 to 54-inch bed top width
- Adjustable 16 to 30-inch furrow width
- Adjustable 54 to 72-inch furrow spacing
- 45 PTO-HP rating
- For 30 to 45 HP tractors
- Category-1 hitch

Model 2121-D is an all-purpose workhorse for fresh-market farms. Adjust bed size for use with or without plastic mulch. Standard shaping disks form new beds in loose, prepared soil.

Attachments include Drip Tape Applicators and Dry Wheel Punchers.

Model 2331-D is also available, featuring a 4-bar toolbar frame. This offers more room for bed tillage attachments (S-tines shown), custom drip tape set-ups and more.
