Drip Tape Applicators

Add Drip Tape Applicator(s) to Bed Shapers to bury tape as beds are formed or re-formed. Leave a smooth bed top with consistent tape depth.

1925-T	<i>RH or LH</i>	<i>for 1912</i>
2125-TB	<i>RH</i>	<i>for 2212</i>
2125-TBL	<i>LH (2nd line)</i>	<i>for 2212</i>
4125-TB	<i>RH</i>	<i>for 4612</i>
4125-TBL	<i>LH (2nd line)</i>	<i>for 4612</i>

ADD (1) Drip Tape Sub-Surface Guide for each unit

20288	<i>for 1321 - 1721 - 2121 - 2331</i>
25288	<i>for 4531</i>

See Drip Tape Applicators (Section 7) for a complete listing.
Custom multi-line set-ups also available

Fumigation

Fumigation knives and tank rack are available for Model 4612. Compatible with tape applicators and other options.

Dry Wheel Punchers

Puncher wheels trailing a Mulch Layer are very practical to get ready to plant.

1706-PA	<i>1-3 wheels</i>	<i>for 1912</i>
2006-PA	<i>1-4 wheels</i>	<i>for 2212</i>
4006-PA	<i>1-4 wheels</i>	<i>for 4612</i>

See Dry Wheel Punchers (Section 9) for the complete listing of dry wheels and plant punches needed for a complete unit

Fertilizer Application

Conventional and practical granular and organic solutions for zone application on raised beds. Choice of hopper sizes.
