

MODEL 1723

MULCH LAYER

Junior

model for 25-35 HP compact tractors

Full-featured small farm layer

Adjustable mulch width

Use on flat-land or raised beds already made

Model 1723 is lays plastic straight and tight like all our exceptional layers but built for lower speeds or short rows for smaller fresh-market farms. Compared to Model 2133, the compact frame, 2" carriage rollers, rigid toolbar frame and covering boards offers a scaled-down machine for a scaled-down budget.

- Category-1 Hitch
- 2" square toolbars
- Adjustable 3 to 4-1/2-ft mulch width
- Wide frame for 5-ft mulch also available

Full line of Drip Tape Applicator attachments

Optional covering disks - may be preferred for raised-bed applications

Also optional row markers & rear shields
