

MODEL 2133**MULCH LAYER**

***A fresh-market farm layer
with large-farm features***

Adjustable mulch width

Use on flat-land or raised beds already made

*Optional rear gauge wheels
Also optional row markers & rear shields*

Model 2133 is an all-purpose layer with a wider toolbar frame for wider mulch widths and a convertible rigid or floating frame. Rear gauge wheels are optional. Larger 3" rollers allow higher speeds. Covering disks are standard equipment for application on raised beds.

- Category-1 Hitch
- 2" square toolbars
- Adjustable 3 to 5-1/2-ft mulch width
- Wide frame for 6-ft mulch or row cover also available

Full line of drip tape applicator attachments
