Drip Tape Applicators

Apply drip irrigation tape with plastic mulch - one or two tape rows.

- | | | |
|-----------------|----------------------|------------------------|
| 1925-T | <i>RH or LH</i> | <i>for 1723</i> |
| 2125-TB | <i>RH</i> | <i>for 2133 - 2333</i> |
| 2125-TBL | <i>LH (2nd line)</i> | <i>for 2133 - 2333</i> |
| 4125-TB | <i>RH</i> | <i>for 4133</i> |
| 4125-TBL | <i>LH (2nd line)</i> | <i>for 4133</i> |

ADD (1) Drip Tape Sub-Surface Guide for each unit

- | | |
|--------------|-------------------------------|
| 20288 | <i>for 1723 - 2133 - 2333</i> |
| 25288 | <i>for 4333</i> |

See Drip Tape Applicators (Section 7) for a complete listing. Custom multi-line set-ups also available

Dry Wheel Punchers

Puncher wheels trailing a Mulch Layer are very practical to punch through plastic and mark plant locations at the same time.

- | | | |
|----------------|-------------------|------------------------|
| 1706-PA | <i>1-3 wheels</i> | <i>for 1723</i> |
| 2006-PA | <i>1-4 wheels</i> | <i>for 2133 - 2333</i> |
| 4006-PA | <i>1-4 wheels</i> | <i>for 4133</i> |

See Dry Wheel Punchers (Section 9) for the complete listing of dry wheels and plant punches needed for a complete unit
