20451 Rear Gauge Wheels
for 2133 - 2333
Standard Equipment on 4333

Transfer mulch layer toolbar weight to rear wheels. Tuck wheels float. Makes a great mulch layer exceptional.

20160 Rear Shields
for 1323 - 1723 - 2133 - 2333
25160 Rear Shields
for 4333

If soil is rough or chunky, block excess soil from spilling on top of bed...

beauty is in the eye of the beholder. Not needed in normal conditions.

20266 Shanks & Mounts
for 2333 only
ADD Shovel
16520 Flat-Mount Shovel, 9"
25326 Shanks & Mounts
for 4333 only

Loosen soil in front of opening disks, typically to relieve wheel compaction for application of row cover. Also use with tractors with wheel spacing too narrow for mulch width.

ADD Shovel
17836 Flat-Mount Shovel, 10"

20394 Row Markers, 5-ft
for 1323 - 1723 - 2133 - 2333

Use on flat land applications to space mulch rows further apart with accuracy.

20396 Row Markers, 7-ft
for 1323 - 1723 - 2133 - 2333

25394 Row Markers, 5-ft
for 4333

25394 Row Markers, 7-ft
for 4333

25432 Double Roll Carriage
for 4333 only

Start new rolls on long rows without stopping.
