

*Garlic
Special*

1806G

Ideal for garlic growers

Fully adjustable

Customize!

Smaller growers get a big bank for the buck with the features needed to get off your feet and plant garlic and onions. 2" square toolbar frame. Square 2-foot racks. Ball bearing gauge wheels.

- **Up to 6 Dry Wheels or Water Wheels**
- **Two seats & two racks**
- **Category 1 hitch**
- **Fully adjustable frame, racks, seats**

Equip with the number of puncher wheels needed to match your row system. Utilize compact tractors - or larger.

Any garlic planter can be equipped with dry wheels or water wheels. Water wheels are heavier, which may be beneficial with larger punches.
