

CULTIVATORS & MULCH LIFTERS

2237-M

Mulch Lifter with cultivator-style 2" square toolbar frame

3117-M

Mulch Lifter with ripper-style 3" square toolbars

Cultivators can be equipped for a variety of jobs

Set-up cultivators on a dedicated toolbar or utilize a bed shaper or mulch lifter toolbar. Tell us what you need

Re-configure mulch lifter and add sweeps and row spiders to cultivate between mulch rows

Basic S-tine cultivator. Also available with a rolling basket if your tractor can lift it

Row crop cultivator with S-tines and beet sweeps. Many attachments available to master mechanical weed control

Deep Tillage?

Larger Category-1 tractors pull these better

2-shank ripper with bed lifter blade bolted in-between. Also available for 2" square toolbar frame

2 or 3-shank chisel plow. Tillage depth will be directly related to tractor power

Disk Bedder for primary bedding. No farm too small for alternative bed shaping methods
