

**8421**

**3 - 8 bed rows**  
**4 - 8" bed height**  
(higher available)  
**Rigid or flex frame**

## MULTI-PURPOSE

**Form new beds**  
**Finish primary beds**  
**Cultivate/reshape beds**  
**Cultivate row crops on raised beds**

This rugged, high-power bed shaper offers choices for several bed shaping systems. Pull with 80 to 170 HP tractors, depending on bed height and number of beds. 3-point hitch mounted.

Toolbar width and shaper pan height and width are made-to-order to match your raised bed system. Bed size is changeable.

**Strong and versatile welded 5-bar frame with 2-1/2" square toolbars**

*Equip with shaping disks to fill bed centers on wider 60-72" beds. 16" disks feature heavy-duty tapered bearing hubs.*

*Furrow shanks with wings lead the shaper pan to dig furrows. Furrow shanks feature chrome shank protectors and replaceable sweeps.*

*Category-2/3N hitch is quick hitch compatible*

*Heavy 6 x 6 hitch bar. 7 or 8-ft wide is standard. Full-width is optional to customize.*

*Furrow/ripper shanks following tractor wheels are extra-heavy to relieve wheel compaction.*

*Shear bolt safety feature on all furrow shanks*
